FLoC: Federated Logic Conference
Seattle August 10th-22nd, 2006

parc
Palo Alto Research Center

Federated Logic Conference

- Meetings: CAV, ICLP, IJCAR, LiCS, RTA, SAT
- Workshops: more than 36
- More than 800 participants over 2 weeks
- Overpriced and tasteless hotel
- Lots of interesting work: from Goedel's influence in CS to model checking overdose

European Conference on Artificial Intelligence Riva del Garda

European Conference on Artificial Intelligence (ECAI) Riva del Garda

- Beautiful lake (Garda) on the foothills of the Dolomites
- lots of culture and good food

parc
Palo Alto Research Center

ECAI

- Very good invited speakers: Giunchiglia (Trento), Breazeal (MIT), Walhster (DFKI) and Levesque (Toronto)
- Contributed papers not so good (but maybe it was jet lag..)
- 4 invited tutorials and 30 workshops!
- Presented a paper at Workshop on Context Representation and Reasoning
- Two workshops on context…
